

BLUE SPANVALL

PRODUCT DESCRIPTION

Blue Spanvall bedding is made from carefully selected and heat-treated white softwood shavings. The shavings have been dried down to 8-15 %. This provides a dry and warm bed with less bacteria. The shavings are especially well-suited for broilers as you only need to spread a small layer of 2 cm in the house.

High animal welfare

Highly absorbent
(4 x times its own weight)

100 % dust free
(controlled degree of moisture)

FSC-certified
